

**NORTH QUEENSLAND
AUDIO VISUAL**

We will make you
**LOOK GOOD
& SOUND**
even better

Sales and Installation of Interactive Whiteboards | Audio Systems | Video Conferencing | Plasmas | LCD Monitors | Projectors

We **CONSULT, DESIGN, INSTALL & TRAIN**

NQAV is North Queensland's premier Audio Visual company providing all sizes of **business** with **AV** solutions. We service the **corporate, commercial** and **educational** sectors, installing everything from **single microphones** to **complete venue audio** and **visual equipment**.

The best part about NQAV is that because we are **locally based** in **North Queensland**, we can come to your premises to meet and discuss your **AV requirements**, no matter how big or small. Our service is **seamless** from **start to finish** and you can be **guaranteed** all work completed will be by our own team and not sub-contractors. Our process is:

- We offer a free on-site AV consultation and inspection of your premises
- Then we follow up with a written quote and recommendations
- Next we design the AV blueprint
- Then our installation team goes to work behind the scenes
- Lastly we bring it to life with our free one-on-one training

We will make you
**LOOK GOOD
& SOUND
even better**

We are **AV INSTALLATION SPECIALISTS**

Our team is fully trained in programming, in-house design and project management

We **GUARANTEE** our **WORK** and **EQUIPMENT**

We only use quality commercial grade equipment and provide a written guarantee for all parts for a minimum of 12 months

We conduct **ONSITE TRAINING**

We want you to show off your new equipment so we will ensure you are well trained in how to use it

OUR PRODUCTS

AUDIO SYSTEMS

To ensure your message gets heard, you need NQAV to design an audio system for your venue. We can supply all sound gear from portable PA systems, microphones, mixers to amplifiers and speakers. Whether it be a school hall performance centre, shopping centre background music, or a full scale music venue, we can tailor a system for you.

INTERACTIVE WHITEBOARDS

Finally, technology that enables you to touch, project, play and draw. Introducing the state-of-the-art Education and Office technology - The versatile Interactive Whiteboard.

The interactive mode allows computer based presenting and training, while the electronic mode allows you to use it as an electronic whiteboard.

Your Interactive Whiteboard can also be used solely as a projection screen, with only the use of a projector.

VIDEO CONFERENCING

Don't waste time with the back and forth rally of emails and unreturned phone calls or expensive airfares and accommodation. Cut through and speak to your clients and colleagues in real time 'face-to-face'. Video conferencing allows you to present to one or present to hundreds of people, in many locations all at the one time.

PLASMAS, LCD MONITORS AND PROJECTORS

Make an impact at your next business meeting or retail venue by installing a big screen so you can project your message. NQAV offers a large range of plasmas, LCD monitors and projectors including portable projectors, wireless models, ceiling mountable projectors and projectors for large venues or bright rooms.

WE ALSO PROVIDE STAGE LIGHTING, STAGE CURTAINING, EQUIPMENT CONTROL SYSTEMS, CCTV, FULL HD PTZ CAMERAS, MATV SYSTEMS, CABLING, TRAINING, PARTS AND ACCESSORIES, CONSULTING AND DESIGN SERVICES, DRAWING SERVICES, PLUS LOTS MORE...

NORTH QUEENSLAND AUDIO VISUAL

WE WILL COME TO YOU!
